

Verifier

The diagram shows a central light blue rounded rectangle representing the 'Verifier' component. Inside this rectangle, there are three smaller blue rounded rectangles: 'Byte-tree' at the top left, 'Algorithms' at the bottom left, and 'RO, PRG, Hash' at the bottom right. Above the main rectangle is a small blue rectangle labeled 'Verifier'. To the right of the main rectangle are four other components: 'GMP' and 'OpenSSL' (red rectangles), 'RapidXML' (orange rectangle), and 'Google Test' (green rectangle).

Byte-tree

Algorithms

RO, PRG,
Hash

GMP

OpenSSL

RapidXML
